**MEMORANDUM OF UNDERSTANDING BETWEEN
THE COUNTY OF VERNON
AND THE Town OF Clinton FOR THE PURCHASE OF
HANDICAPPED ACCESSIBLE VOTING EQUIPMENT**

This Memorandum of Understanding is hereby entered into by and between the Town of Clinton and the County of Vernon.

NOW, THEREFORE, in consideration of the terms and conditions contained herein, the parties hereto agree as follows:

1. The local unit of government understands that each polling place must be equipped with a handicapped accessible voting machine, as per the Help America Vote Act (HAVA), allowing persons with disabilities to vote unassisted, if the voter so desires.
2. Federal funds, in the amount of \$6,000 per polling place, have been allocated to those municipalities whose polling places are handicapped accessible.
3. The County has been authorized by this agreement to purchase the equipment on behalf of all the municipalities in Vernon County.
4. The County will purchase the AVC Edge II produced by Sequoia voting system, represented by Command Central, which has been certified by the Wisconsin State Elections Board and will negotiate the best price possible.
5. The local unit of government agrees that any funds remaining from the \$6000 allocation will be used to cover any coding costs and/or maintenance agreements necessary, plus the purchase of one AVC Edge II to be used by the County for coding and testing purposes.
6. To receive this funding your polling place must meet the handicap accessible regulations.
7. This agreement is valid from the date signed until all the funds are expended.

Signed this 9th day of May, 2006.
